

SCHOLARSHIP NEWS

I received a note from **Dalton Price**, our 2016 winner of an Elks National Scholarship, who is attending Cornell University. He has officially declared his major as Anthropology. This summer, he will be working on Aetna's Medicaid Finance team in Phoenix. Additionally, he received a grant and will be writing a book about U. S. healthcare over the next 3 – 6 months. When returning to classes in the fall, he will actually be in Washington, D. C., doing research on global health security and diplomacy. We will also be working somewhere while in D. C., hopefully for the Council on Foreign Relations or the World Health Organization, of which has not been confirmed at this time.

Elks National Foundation's Most Valuable Student scholarship awards will be announced in early May.
